The following Report of a joint Committee of the two Chembers of the last council is published by order of the River Chamber.

It had been contemplated in the last uncil tract definitively on the subject ; but this purpose was frustrated by the inability of the chambers to form quosums until a period too late for giving a full consideration to it. Is has consequently been taken up by the present courcil as unfinished business of the

THE joint Committee of the First and Second Chambers of the City Council Washington, in obedience to the refolutions referred to them refrecting the establishment of public schools respectfully submit the following

"REPORT:

INASSINGE as but one opinion previsits in the country on the importance of education, the committee confider it a work of fireception to adduce arguintait in import of truths university received. With every fact argument, of a gereal nature, amplies with full force to the city of Waldington, there exist others, so left impressive, in favor of the contemplated effablishments. The permanent refidence of the government of a great said increasing nation, the city of Waldington thould feel every mostive of hospital pride and epilghread interest to imput to her citizen that traits of that area, which hall by commanding the refiger, of the vive and the citizen of the virtues and increasing that the refiger of the virtues of the future of the virtues, induced the refiger of the virtues of the future fear of extentive manufactures or trade, it becomes an indicate as the future fear of extentive the refiger generation, defined hereafter to conflute the rilength and to decide here confluted for fired innovative, and the refiger of the conflution of the decidency and the future of the conflution of the decidency and the future of decidency and are the future of the decidency and the decidency and the decidency and the conference of the de
